EXPOCET NEWS

THE OFFICIAL COMPANY NEWSLETTER OF EXPOCET LTD

MESSAGE FROM THE DIRECTOR

WRITTEN BY
MARTIN THOMAS

Please take a moment to read our Expocet news for the month of May 2021:

- Since fully returning back to work, a noticeable increase in enquiry activity has been observed from February onwards.
- Ongoing, we will be maintaining more flexible working patterns - both office and home-based.
- We wish everyone a successful return to normal life.
- Series forging production continues to develop with a large Automotive client and should be at peak levels by Q4/21.
- Significant orders for castings ramp up in Q4/21 for a High-Tec UK based manufacturer.
- Trial order received from an International Hydraulics manufacturer based in Southern England.

"The company to supply your global manufacturing solutions."
