## EXPOCET NEWS

THE OFFICIAL COMPANY NEWSLETTER OF EXPOCET LTD

### MESSAGE FROM THE DIRECTOR

WRITTEN BY  
MARTIN THOMAS

Please take a moment to read our Expocet news for the month of June 2022.

- Sadly we said goodbye to Brian Turner at the end of October 2021. Brian was a constant source of laughter and fun particularly appreciated by Martin as a colleague and friend for nearly 40 years. We wish him health and happiness in his retirement and hope he will remain in close contact as the years go by!
- Following a difficult search for a replacement for Brian, we are very happy to welcome Corina Nuta to Expocet Ltd as Business Development Executive at the beginning of May 2022. Corina hails from Romania originally and has lived for over 10 years in Italy before coming to settle in the UK. She speaks fluent French and Italian and is no stranger to Sales having worked for an International Plastics Group.

*"The company to supply your  
global manufacturing  
solutions."*

June 2022

## EXPOCET NEWS

THE OFFICIAL COMPANY NEWSLETTER OF EXPOCET LTD

### CONTINUED...

- Corina will undergo a period of training for 6 months and then will concentrate on the French and Italian market potential.
- Generally the market has recovered pretty well following COVID and the initial uncertainty around Brexit. Most of our clients are very busy at present and this is set to continue for the foreseeable future.
- We have consolidated new Automotive orders for forged parts and have been recently nominated for a high volume EV project coming on stream in 2023
- We have secured 2 brand new customers in Germany over the last 12 months.
- New Railway projects related to HS2 and improved Couplings are currently under discussion.
- A further key project has been delayed again until the beginning of 2023 but should forge ahead once technical issues have been resolved.
